

# RAMSAKHI RAMNIWAS CONVENT SCHOOL

## BHARALI, GORAKHPUR

### Summer Vacation Home Work

#### Class:- 1

- **English:** Read a story book or two every week and try to summarize the plot using your own words. Practice writing simple sentences and try to use new vocabulary words. Listening to English songs or watching English nursery rhymes can also be helpful.

- **Math:** Practice writing numbers from 1-100 and counting objects. Solve simple addition and subtraction problems using manipulatives such as blocks or fingers. Try to do simple mental math as well, such as adding or subtracting numbers from 1-10.

- **Science:** Observe nature around you, such as plants, animals, and weather. Discuss what you observe with your parents or teacher. You can also do some simple science experiments with household objects, such as making a baking soda and vinegar volcano.

- **Social Studies:** Learn about your country or city by looking at maps, reading books and visiting landmarks. You can also do some research about different cultures and traditions around the world.

- **Art and Crafts:** Try making things with different materials such as paper, paint, clay, or beads. You can also draw pictures of things you see in nature or make greeting cards for your friends and family.

**Remember to take breaks and have fun with your summer vacation homework!**
